

EV0line® Vertical

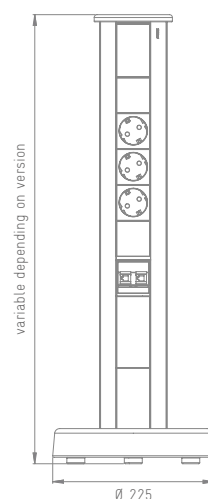

Stable. Spacesaving.

EVoline® Vertical

EVoline Vertical is a free standing solution, for any room. Securely fixed to a solid cast iron base, the Vertical is upright, mobile, and space saving and is the ideal solution for offices, hotels or retail areas.

The maximum height of 1.20 m makes it unnecessary to bend over to reach sockets: Power, data and multimedia connectors are available at a convenient height.

Dimensions in mm

Description	Picture	Specification	Order number
