

Desk Up

No drilling, cutting or any openings in the desk

02

RECOMMENDED FOR:
All types of office

Intended primarily for office desks with screen or acoustic panel dividers.

When you need to set up a large number of devices in a short space of time and tailor their position to your specific needs. Mounts without drilling, cutting or making any openings in the desk. Quick and simple to install, and to move to a new location, too – no additional tools required.
